Re: Interim Production of Records, American Oversight v. U.S. Department of Commerce, et al.
(1:19-cv-00912 D.D.C.)

Dear Mr. Wood:

This letter concerns an interim production of records responsive to the above-referenced case. Today, the U.S. Environmental Protection Agency (EPA or Agency) is producing the following calendars responsive to Parts 1 and 2 of Freedom of Information Act (FOIA) request EPA-HQ-2019-000587:

- Scott Pruitt (March 1, 2018 through July 5, 2018);
- Byron Brown (March 1, 2018 through August 10, 2018);
- Nancy Beck (March 1, 2018 through February 28, 2019); and
- Bill Wehrum (November 13, 2017 through February 28, 2019).

Some redactions have been applied pursuant to FOIA exemption (b)(4), where trade secrets and commercial or financial information is privileged or confidential. 5 U.S.C. § 552(b)(4). Additionally, some redactions have been applied pursuant to FOIA exemption (b)(5), where information is protected from disclosure by an applicable privilege. 5 U.S.C. § 552(b)(5). Further, some redactions have been applied pursuant to FOIA exemptions (b)(6), and (b)(7)(C), where release of information would constitute an unwarranted invasion of personal privacy. 5 U.S.C. § 552(b)(6), (7)(C). Lastly, some redactions have been applied pursuant to FOIA exemptions (b)(7)(E), and (b)(7)(F), where release of information could reasonably be expected to risk circumvention of the law or endanger the life or physical safety of any individual. 5 U.S.C. § 552(b)(7)(E), (7)(F).

As agreed upon in our July 18, 2019, Joint Status Report, these calendars do not include any attached files that may be referenced therein. Within three weeks of this production, you may select specific attached files identified in this production and notify the Agency of your selection. EPA will then process and release those records, subject to any applicable FOIA exemptions.

Location Information: RTP B249; DC Location TBD Purpose of Meeting:
Decision Other Meeting Purpose:

The current review of the air quality criteria for sulfur oxides (SOX) and the primary (health-based) standard for SOX as measured by sulfur dioxide (SO₂) was initiated in August 2012 with a call for information from the public. EPA held a workshop with invited scientific experts in June 2013 to discuss policy issues relevant to the review of the health effects of sulfur oxides. EPA developed a draft "Integrated Review Plan for the Primary National Ambient Air Quality Standard for Sulfur Dioxide," which was made available for public comment in March 2014 and discussed by the Clear Air Scientific Advisory Committee (CASAC) via publicly accessible teleconferences before the final plan was released by EPA in October 2014. Two drafts of the ISA were reviewed by CASAC at public meetings in January 2016 and March 2017, respectively. The final ISA was revised in response to CASAC and public comments from these meetings. The final ISA builds on the conclusions of the 2008 ISA for Sulfur Oxides and focuses on peer-reviewed literature published from January 2008 through September 2016.

EPA's most recent revision to the primary NAAQS for SOX was described in a June 2010 FR notice. A new primary 1-h standard was promulgated as 75 ppb SO₂, 99th percentile of the yearly distribution of 1-h maximum daily concentrations, averaged over 3 years. The previous 24-h and annual standards were revoked in consideration of the public health protection provided by the new 1-h standard.

Urgency:

We are requesting the briefing between Monday, Nov 27 and Tuesday,

Dec 5, 2017.

The current review of the primary SO₂ NAAQS is proceeding under a consent decree entered by the court in April 2017. The court-ordered schedule in the consent decree requires that the final ISA be issued no later than December 14, 2017, and that EPA send notice of the action to the Federal Register within 15 business days of issuance. It also requires that EPA sign a notice of proposed rulemaking no later than May 25, 2018 and a notice of final rulemaking no later than January 28, 2019.

Duration of Meeting: 1 Hr

3. CASAC provided comments on the 2nd draft ISA; the final ISA reflects revisions made in response to their comments.

Subject Houston Chronicle Interview - IN PERSON
Location Liz's Office
Show Time As Busy

To: Bowman, Liz; Darwin, Henry; Wehrum, Bill; Brown, Byron
Cc: Willis, Sharnett

James from the Houston Chronicle is going to come here on Monday afternoon. Please come to my office at 5 p.m. Byron, if you are available, you are welcome. Thank you – Liz

Following up from the pen and pad last month, would someone from EPA be available to sit down and talk about the effort to streamline the permitting process at EPA.

I'm particularly interested in how this would impact the construction of petrochemical and gas processing facilities, for which there is high demand in Texas.

I think you'd said Bill Wehrum might be a good person to talk to? Also, someone told me that Henry Darwin had worked on this issue in Arizona, so he might be a good person to interview?

Apologies everyone – we will be in WJCN 5530 after all. We will have someone posted at the other location to redirect lost traffic.

Colleagues,

As stated in our February 23rd memo

<https://www.epa.gov/sites/production/files/2018-02/documents/epa_ej_memo_02.23.2018.pdf> , EPA is launching a new Environmental Justice and Community Revitalization Council (EJCRC). OP AA Brittany Bolen will convene our first meeting of this council on May 29, 2018. I ask that Assistant and Regional Administrators participate in this initial meeting, along with program staff from your organizations involved in EJ and community-based work. One of the first items we will discuss at this meeting will be the council's permanent membership and expectations for future meeting frequency.

The EJCRC will function as the Agency's central decision-making body for determining environmental justice and community-driven strategic priorities and guiding their implementation. The EJCRC will support the Administrator's goals of cooperative federalism and public participation in solving environmental challenges through locally led, community-driven solutions. The EJCRC will also support vulnerable communities in their efforts to grow, revitalize, and thrive by leading the integration and better alignment of the Agency's EJ and community efforts across our programs and activities. We would like to use this meeting to begin a conversation with EPA senior leadership on the most immediate priorities for these programs, which include their involvement with the lead initiative, working with states and meeting communities at their needs.

Attached please find a draft agenda for this meeting. Should you have any questions or need any assistance in preparation for this meeting, please contact Alyssa Edwards (Edwards.alyssa@epa.gov <<mailto:Edwards.alyssa@epa.gov>> , (b) (6)

 Subject: Meetings and calls for CAFE rule

Tim, Ben

Are you all available for an in-person briefing of the broad NPRM this Friday June 8th from 11-12:30PM? We were thinking of inviting EOP reviewers in person and let other agencies dial in.

Are you all also available for a DOT/EPA/OIRA staff call or meeting on

Monday June 11th at 12 PM? We can also meet at 1 or 2PM on Monday if 12 noon does not work.

Thanks

Chandana

 Ray Bradbury – President, ADM Biofuels
 Anthony Reed – Sr. Director, Government Relations
 Kent Engelbrecht – Manager, Biodiesel (also current Chairman of the National Biodiesel Board) -- Tentative

Ray Bradbury, ADM's President for Biofuels, in town, so figured it would be a good opportunity to discuss a couple of issues we have pending before EPA. I've included the ADM background below, but in addition to the ongoing RFS issues which we wanted to talk about, we also wanted to flag pathway approvals. (ADM has a biogas pathway application pending from December, and we're also planning to submit in the coming months a pathway application related to cellulosic ethanol production from fiber – our interest there is not only utilization, but as an enzyme producer for cellulosic production from fiber).

At today's senior staff meeting, the Deputy Administrator requested that OAR provide a briefing on the rollout of our 2018 "Air Trends" report (you can see the 2017 edition at: <https://gispub.epa.gov/air/trendsreport/2017/>).

Any chance there might be a free 30 minutes available on July 9 or 10? This would likely include Bill Wehrum, Mandy Gunasekara, and myself as well as members of the OAR & OPA communication teams

Location 2123 Rayburn House Office Building
Show Time As Busy
Briefers:

EPA: Bill Wehrum AA, OAR/Mandy Gunasekara, PDAA, OAR

NHTSA: James Owens, Deputy General Counsel (DOT)

Invite sent to Capitol Hill Staff:

All,

As you are likely aware, the US Environmental Protection Agency (EPA) and the US Department of Transportation (DOT) recently proposed the Safer Affordable Fuel-Efficient Vehicles Rule, which establishes new Corporate Average Fuel Economy (CAFE) and tailpipe greenhouse gas emissions standards for passenger cars and light trucks covering model years 2021 through 2026. I am writing today to invite you to attend a bicameral, bipartisan briefing by EPA and DOT officials on the recent proposal.

EPA and DOT officials will brief interested congressional committee staff on Friday, August 10, at 11:00AM. In order to accommodate all interested committee staff, the briefing will take place in the House Energy and Commerce Committee Room in 2123 Rayburn House Office Building. Please feel free to forward this invitation on to appropriate individuals on your staff who might not have received it.

We look forward to speaking with you and answering your questions on this issue. Please RSVP to myself and Brian Barnard (Brian.Barnard@dot.gov <<mailto:Brian.Barnard@dot.gov>>) by Thursday at noon so we are able to ensure an accurate headcount.

Given the recent fire drill that we experienced last Monday, we thought it would be useful for OARM's Facilities Management and Services Division to provide the OAR Immediate Office with Occupant Emergency Plan (OEP) awareness training to help us better understand how to respond in the case of different types of emergencies. OPMO had this training this past winter and found it riveting and extremely useful. I hope you are able to attend. If you have any questions, please let me or Marc Vincent know.

Thanks

		Sct: Connie Eng, (b) (6)

The Office of Small and Disadvantaged Business Utilization (OSDBU) will be hosting the Associate Deputy Administrator's meeting with members of the small business community on November 6 from 10am until 12 noon. This meeting between EPA's Associate Deputy Administrator, EPA senior managers, small businesses and national trade associations representing small businesses, has been held annually since 2002 and provides an opportunity for open and frank communication. See attached document for additional information.

For this coming meeting, OSDBU has sent an electronic notice to a group of small businesses and small business national trade associations to solicit key environmental topics of interest (due date Oct 9). As soon as OSDBU receives the topics, OSDBU staff will work with the appropriate offices to obtain corresponding fact sheets, if necessary.

A future internal pre-brief will be scheduled for all internal participants. Should you have any questions after reading the background document, please do not hesitate to contact the Agency's Small Business Ombudsman Joan B. Rogers (202 564-6568; rogers.joanb@epa.gov <mailto:rogers.joanb@epa.gov>).

Hi everyone,

The OAR IO Holiday Party is scheduled for Wednesday, December 12 at 12:00 in room WJC-N 5530.

You'll see a calendar invite shortly. Please RSVP to the calendar invite so we know how many people will be attending. The cost to join in on the food is \$15 for GS-13 and below and \$20 for GS-14 and higher. Alternatively, you may bring a dish instead of making a cash contribution.

Please pay me or Emily, or sign up to bring a dish at Delaney's desk no later than Friday, December 7.

Along with a delicious lunch you can also participate in some holiday fun with the White Elephant Exchange.

Here's how it works: everyone brings one wrapped gift to contribute to a common pool, then draw numbers to decide in what order they get to pick a gift. Players have the option to either open a still-wrapped gift or steal a previous player's gift. Anyone who gets their gift stolen can do the

same, but no take-backs from someone who just took your gift, and each gift can only be stolen a total of three times.

Please bring a wrapped, unlabeled gift in order to participate. Gifts can be brought in any time from now through the day of the party. Place your item in the box in 5530 by 11:15 so that your coworkers won't know which item you brought. What should you bring? Feel free to bring in an item you already own, or buy something new for \$5-\$10. No need to spring for caviar or gold bullion, but keep in mind that the gift exchange is more fun if you bring something others will want to steal.

Please let me know if you're interested in volunteering to help with the festivities.

Josh

Update:

Attached is additional briefing material for the 10am meeting on Monday. The meeting is being held in a room that will allow for classified discussion, if needed. Therefore, electronic devices will be collected from you prior to entry.

If you have any questions please email me at glazier.kelly@epa.gov <<mailto:glazier.kelly@epa.gov>> or call 202 564 0351.

Executive Order 13526 mandates agency heads complete the Fundamental Classification Guidance Review (FCGR), a comprehensive review of the agency's classification guidance, on a periodic basis. The Information Security Oversight Office's (ISOO) March 17, 2016 memorandum gave EPA, and other designated agencies, until June 30, 2017 to complete the FCGR. EPA completed the FCGR, and provided a response to ISOO, on June 27, 2017. As a result of the FCGR, EPA

identified subsequent classification actions necessary for EPA's original classification authority (OCA), the Administrator.

A working group of agency subject matter experts was created to analyze EPA's eight originally classified documents and make recommendations on their classification status. At EPA, only the Administrator/OCA can take a classification action. Before the subject matter experts present their recommendations to the Administrator, Chief of Staff Jackson requested that you be briefed on the recommendations so that you are positioned to advise the Administrator on this matter.

Attached is an unclassified list of the eight documents and the working group's recommendations for each. At this briefing, the subject matter experts will explain the rationale for each of their recommendations. Additional briefing material will be available in advance of the meeting. The eight originally classified documents will be available at the meeting.

If you have questions in the meantime, please contact me at glazier.kelly@epa.gov <<mailto:glazier.kelly@epa.gov>> or 202 564 0351.

When: Friday, March 16, 2018 3:00 PM-4:00 PM (UTC-05:00) Eastern
Time (US & Canada).

Where: EEOB 208 - Cordell Hull

All,

This meeting is a follow up to the meeting convened on March 5th, by Chief of Staff Kelly to discuss challenges facing the Corps of Engineers relative to both permitting of non-Corps projects and development of Civil Works projects. Attendees of the March 5th meeting included Secretaries Pruitt, Perdue and Esper, as well as Mr. James, Assistant Secretary of the Army for Civil Works, and Mr. Gary Cohn, Ms. Emma Doyle, Mr. DJ Gribbin. As discussed, Mr. Cohn and NEC was asked to lead an interagency policy improvement process.

This first meeting is being convened to discuss the Corps permitting processes for Non-Corps projects to include section 408 permissions. The initial framing will involve a "quick look back" on how larger challenges have arisen in the permitting processes and a discussion about how challenges can be addressed moving forward. Participants are expected to think outside of the box in putting forth ideas on how to resolve recurring challenges including streamlining duplicative efforts. A similar meeting to review Civil Works project challenges will be scheduled separately.

Prior to the meeting a document that summarizes challenges will be provided. All guests are allowed a plus one.

 Update: Read Aheads for tomorrow's meeting attached. Thanks!

The purpose of this meeting is to further our discussion relative to modernizing the Corps permitting of Non-Corps projects. We are compiling the input received and expect to provide a document that summarizes opportunities for quick wins, as well as areas requiring additional focused interagency action. Anticipating that we will quickly begin to move out in a prioritized way, please ensure your policy lead also participates in this meeting.

Dear Colleague:

As mentioned in Doug Kinkoph's email last week, please join us for a demonstration of the new BroadbandUSA <<https://broadbandusa.ntia.doc.gov/>> website, which will include an overview of the process to submit federal agency content to the site.

We will hold an in-person meeting at NTIA (1401 Constitution Avenue, NW, Room 4893), and will also present the information via webinar. To register for the webinar: <https://attendee.gotowebinar.com/register/7473374326890039043> <<https://attendee.gotowebinar.com/register/7473374326890039043>>

Please let me know if you have any questions.

Thanks,

Apologies everyone – we will be in WJCN 5530 after all. We will have someone posted at the other location to redirect lost traffic.

Colleagues,

As stated in our February 23rd memo
<https://www.epa.gov/sites/production/files/2018-02/documents/epa_ej_memo_02.23.2018.pdf> , EPA is launching a new Environmental Justice and Community Revitalization Council (EJCRC). OP AA Brittany Bolen will convene our first meeting of this council on May 29, 2018. I ask that Assistant and Regional Administrators participate in this initial meeting, along with program staff from your organizations involved in EJ and community-based work. One of the first items we will discuss at this meeting will be the council's permanent membership and expectations for future meeting frequency.

The EJCRC will function as the Agency’s central decision-making body for determining environmental justice and community-driven strategic priorities and guiding their implementation. The EJCRC will support the Administrator’s goals of cooperative federalism and public participation in solving environmental challenges through locally led, community-driven solutions. The EJCRC will also support vulnerable communities in their efforts to grow, revitalize, and thrive by leading the integration and better alignment of the Agency’s EJ and community efforts across our programs and activities. We would like to use this meeting to begin a conversation with EPA senior leadership on the most immediate priorities for these programs, which include their involvement with the lead initiative, working with states and meeting communities at their needs.

Attached please find a draft agenda for this meeting. Should you have any questions or need any assistance in preparation for this meeting, please contact Alyssa Edwards (Edwards.alyssa@epa.gov <mailto:Edwards.alyssa@epa.gov> , 202-564-0473).

Subject State Dept Invoices (Italy) Discussion / Coordination
Location DIAL: (b) (6) / CODE: (b) (6)
Show Time As Tentative
Good morning everyone:

Related to the Italy DoS invoices, I'd like to set up a time to discuss what we've discovered, what we need to do to close the loop on confirming we have all related invoices for this trip, and coordinate next steps. I'm handling a related FOIA matter in litigation that with a filing deadline next Wed. that is driving the need to develop a course of action. While I don't think everyone needs to participate, OEX, OCIR, OCFO and OGC should be represented.

Apologies for the sudden meeting invite. Please don't hesitate to reach out with any questions or concerns before the meeting.

Thanks,

Ed

The primary purpose of this call is hear and discuss any comments DOJ may have on the Army's memo to the Corps on CWA 404(g) assumable waters. As some of you may know, we have extended the deadline for comments until COB Friday. That being said, we don't want to delay this review any more than we have to and this is on the only day that works for DOJ on Monday. Hope all of you can make it.
